It's amazing you still love me
It's amazing you still care
After all those times I turned away
And left you standing there.
When I feel like I can make it
on my very own
patiently you're waiting
until I get home.

So don't let me leave this place unchanged
'Cause I can't bear to stay the same
'Cause we both know the reason why
You climbed that cross and chose to die.
You climbed that cross and gave your life.

It's amazing you still love me
After everything I've done
Lord you brought me from the darkness
to lead your people to the son.
You are closer than my shadow
whom shall I fear
wherever this life takes me
I know you'll be near

So don't let me leave this place unchanged
'Cause I can't bear to stay the same
'Cause we both know the reason why
You climbed that cross and chose to die.

You climbed that cross and gave your life.
