I aint gonna change my decision  
I gotta stop the hopin and the wishin  
the things you do are never gonna change  
all you'll ever do is stay the same  
all I really wants some honesty  
but you wouldn't give the truth to me  
now its time to leave  
its not over cuz I never had you  
and now karma is about to lead you  
but I guess by now you probably heard  
you aint welcome round no more  
its time you cross that bridge you burned  
guess is your lesson learned  
took a chance but now I see  
some things just aint meant to be  
that's the end of you and me  
so just leave  
aint it crazy how it seems one day  
things are so perfect, aint never gonna change  
and then outta nowhere, I'm throwin all our pictures  
away  
and one day you gon' see  
you can't come runnin back to me  
but it'll be too late to try

cuz its not over cuz I never had you  
and now karma is about to lead you  
but I guess by now you probably heard  
you aint welcome round no more  
its time you cross that bridge you burned  
guess is your lesson learned  
took a chance but now I see  
some things just aint meant to be  
that's the end of you and me

cuz its not over cuz I never had you  
im letting go of the life I built around you  
I'm letting go cuz im so much more without you  
Im letting go  
Im letting go

I guess by now you probably heard

you aint welcome round no more  
its time you cross that bridge you burned  
guess is your lesson learned  
took a chance but now I see  
some things just aint meant to be  
that's the end of you and me

but I guess by now you probably heard  
you aint welcome round no more  
its time you cross that bridge you burned  
guess is your lesson learned  
took a chance but now I see  
some things just aint meant to be  
that's the end of you and me
