Keep driving them up as much as you can  
and we'll keep driving them off  
just as long as the cash flow keeps moving  
makes no difference to them anyway.

You're reaching records at a rapid pace  
and you've brought heartlessness at an all time high.  
This cute little tease that you have going on  
I bet all seems like a joke to you.

Giving us hope for a little bit of time  
just to go flip on our lives again.  
Giving us hope for a little bit of time  
just to go flip on our lives again.

They continue to ignore the fact that these are our  
lives.  
But through thick and thin you won't keep us down.  
They continue to ignore the fact that these are our  
lives.  
But through thick and thin you won't keep me down.  
Three digits later need to fill it again  
from our cards to their hands that are covered in their  
sin.

I hope it fills the hole where your heart was  
so we can stop seeing right through you,  
so we can stop seeing right through you.  
Keep driving them up as much as you can  
Keep driving them up as much as you can  
Keep driving them up as much as you can  
Keep driving them up as much as you can
