I can't complain I left the world.

Every sign is proving it.

I'm killing it, we're killing it.

We're always,

Oh yeah.

I can't complain I left the world,

You could complain I turned my back on you.

Am I leaving this,

Is this the end of it?

Yeah. Am I leaving this,

Is this the end of it?

I'm through.

I'm gone.

I'm staying gone.

I'm staying gone.

I'm staying gone.

I'm staying gone.
