[Chorus:]

Destination nowhere,  
Look for me yeah I'll be there.  
Amazed that we've survived,  
We probably should have died.  
I hope there's something out there,  
For all the kids who just don't care,  
We could be together,  
Dead end kids forever.  
Destination nowhere.

Sitting alone in the middle of the night,  
I'm looking out the window at the city street light.  
Where are we going through all that we've been  
through?  
Got to find something that we can hold onto now.  
Drinking by myself now just to past the time  
I'm getting out of order now I'm getting out of line.  
To hell with these people, to hell with this place,  
To hell with this whole entire human race.

We're so antisocial.  
Dead end kids want blood that's for sure.  
We've heard all the lies and we've come to find  
This world may not be for us.  
I've got a cure for it all,  
We'll blow the whole damn world off.  
Get in the car let's go, we're going, we're gone,  
We'll go to destination nowhere.

[Chorus]

Now I'm waiting, waiting for an angel,  
This angel comes to save me.  
This angel comes to take me away  
Now take me away.  
I'm looking, looking for a sign,  
To let me know I'll be alright,  
'Cause I might now make it one more night

We're so antisocial.

Dead end kids want blood that's for sure.  
We've heard all the lies and we've come to find  
This world may not be for us.  
I've got a cure for it all,  
We'll blow the whole damn world off.  
Get in the car let's go, we're going, we're gone,  
We'll go to destination nowhere.

[Chorus]

Destination nowhere (nowhere, nowhere)  
Look for me I'll be there (nowhere, nowhere)  
Destination nowhere (nowhere, nowhere)  
Look for me I'll be there (nowhere, nowhere)  
Destination nowhere (nowhere, nowhere)  
Look for me I'll be there (nowhere, nowhere)  
Destination nowhere (nowhere, nowhere)  
Look for me I'll be there (nowhere, nowhere)

NOWHERE! NOWHERE! NOWHERE! NOWHERE!  
NOWHERE! NOWHERE!
