Seventy-seven fallen angels
See you at the bottom

Seventy-seven fallen angels
Seventy-seven million scars
Seventy-seven locked in prison
Seventy-seven behind bars
Sevseventy-sevenenty-seven boys at war
Don't know what they're fighting for
Seventy-seven want the truth
Seventy-seven lost their youth

Seventy-seven fallen angels
We're just hopeless fallen angels
We're just hopeless fallen angels
We just hope we'll see you at the bottom

I turn on the news to see
All the violence on the street
Your whole world turning black
Another car bomb in Iraq
Another year the same old war
Terror knocking at your door
Fallen angel grab your gun
One nations forgotten son

Seventy-seven fallen angels
We're just hopeless fallen angels
We're just hopeless fallen angels
We just hope we'll see you at the bottom
