I'm on my way

My mind drifts off to a late night kiss  
In a big black car  
And some rundown dive bar  
It all started off  
On a night like this, like this  
A pack of kids and a criminal dream  
A vacant house and an empty punk scene  
Tell me what it is that you believe in

I believe that frustration is waiting  
I feel alone and i feel hated  
Hey Joey sing a song to me  
And I'll realize where i wanna be

I'm on my way  
Got a good feeling that today's the day  
No more messing around  
I'm gonna live till i go down, I'm flying  
No more messing around  
I know there's love to be found  
And I'm coming down  
And I'm headed southbound

It's funny now there we're on our own  
Now all out heroes are dead and gone  
And there's no one out there  
Left to look up to  
And the game were playing  
Don't see so fun  
Because we're losing every roll  
I guess we're out of time  
We're out of luck  
But I don't give a fuck  
And i know, yeah i know

Salvation, is waiting  
I feel alone and i feel hated  
Hey Joey sing a song to me  
And I'll realize where i wanna be

I'm on my way  
Got a good feeling that today's the day  
No more messing around  
I'm gonna live till i go down, I'm flying  
No more messing around  
I know there's love to be found  
And I'm coming down  
And I'm headed southbound

I'm on my way  
Got a good feeling that today's the day

Salvation, is waiting  
I feel alone and i feel hated  
Hey Joey sing a song to me  
And I'll realize where i wanna be

I'm on my way  
Got a good feeling that today's the day
