Get out! One day I believed that you were my friend
I helped you, when you needed me
Why don't you show what you really are?
Don't be other person, do not be two faced
Think of your life, say what you feel
Don't wait for me when you need me
I'm not a bad guy, I'm just your mirror
I will give for you what you gave for me
I don't know what you want for me
Your big fucking mouth is not enough to you
Why don't you show what you really are?
Don't be other person, do not be two faced
Think of your life, say what you feel
Don't wait for me when you need me
I'm not a bad guy, I'm just your mirror
I will give for you what you gave for me
A friend like you, I don't need enemy
You are my best enemy
