"Dressed In Black"

This song is about a man
With determination until the end
A man who shot in another one
Just to watch him die
His name I don't need to say
If you don't know, one day you'll listen to his voice

Anywhere, everywhere
He was always dressed in black
Anywhere, everywhere
You'd never seen bright colors on his back

Johnny stopped the car and left the race
He's gone but his souls lives on and on
Just like Lenny, Cash was bad
He was like a brother that you've never had

Anywhere, everywhere
He was always dressed in black
Anywhere, everywhere
You'd never seen bright colors on his back
(God Speed You Mr. Cash)
