I'd like to understand what you're trying to tell me
I don't know if you know what you say or you say just
for saying
You can think or can try
Try to think in your life
(Try to think of your life)
Why don't you try to find your way?
(You need a hand that I can hold)
Open your eyes, wake up and go!
(Open your eyes, wake up and go! goooo!)
You can see a real friend, I don't have
But I'm still looking for
I need a hand that I can hold
I don't want to stay alone
Stay alone!
The way that I will follow
Is the same way for you
This is the way of equality
You help me and I
And I help you
