"Memories"

What can we do when our history is over?
Everything we built together
Now it is just some forgotten days
Today I have a new way to think
I see our past with other eyes
And my way is so far from yours
All I have to say to you is a last good bye

Now I want to change my mind
Now I'm gonna close my heart
(I see you don't care, when you're never there)
Memories become a lie

Your last kiss was painful like a punch
All I have to do is to find a new way
I will burn your letters you sent me one day
With words that mean nothing anymore.
