Time to live in shadows
There's no one who gets used to it
There's no hope, there's no love
There's no life, the rage grows inside me
Shout, then fall
Shoot, then fall
Hit, then fall
It's time that you cry alone
Time to live in shadows
There's no one who gets used to it
There's no hope, there's no love
There's no life, only the rage survives
Shout, then fall
Shoot, then fall
Hit, then fall
It's time that you cry alone
Time to fall. it's your time to cry
To cry alone
Then fall. it's your time to cry
Alooone!
