Victim of your hate, now you are gonna hear me
Because I do it everyday to build my own way
I'm the only one who can change it
So I'm ready to face yourself all the time

I'm proud of being what I am
I'm proud I live with no fear of lose everything I got until
now
I'm proud of being what I am
I'm proud

Victim of your hate, now you are gonna hear me
Because I do it everyday to build my own way
I'm the only one who can change it
So I'm ready to face yourself all the time

I'm proud of being what I am
I'm proud I live with no fear of lose everything I got until
now
I'm proud of being what I am
I'm proud

I'm proud of being what I am [2x]
I'm proud
