"Tornado"

All the things I have to say
Are not enough to explain
What happens to our lives?
These years we were together

Oh Oh! It's too fast to understand
Oh Oh! It's too hard to hold

Our lives go away and we can't see
The crowd is running in our direction
And we'll never change our way
The thunder's noise makes us death
I will find a name to call it

Oh Oh! It's too fast to understand
Oh Oh! I think I can call it
Oh Oh! Our life is like a Tornado
