Our lives are not expendable  
Our murdering wheels are stuck in the bloodstream  
I am still a cannibal  
For all my footsteps scarred in the grief, yeah  
A silent cry, bloody wad  
All our corsets have been tied  
To satisfy their appetites  
Our no good reason why

We are all animals  
So we suffer in kind  
All our customs leave our consciousness behind  
All this balance interrupted  
And I won't consume you  
If you breath what I do and bleed in red too

We paint a picture of human nature  
This distance that we fight  
To the second they collected  
You didn't have to die  
Preaching war the class war  
Property violence carries greed so the prisons  
From the back of the store  
We look at our laws ripped to pieces

We are all animals  
So we suffer in kind  
All our customs leave our consciousness behind  
All this balance interrupted  
And I won't consume you  
If you breath what I do and bleed in red too

We are all animals  
So we suffer in kind  
All our customs leave our consciousness behind  
All this balance interrupted  
And I won't consume you  
If you breath what I do and bleed in red too

Did they smile through their teeth  
When they told you

You deserve this professional mess  
Speaking from the side of their mouth  
Letting you fallow with an isolation  
Giving strength to weakness  
Strength to weakness  
Death is big business  
Not for you and all the dead  
It's not collateral whoa oh

Collateral whoa oh [x2]
