This is what bitches talk about
About what niggaz need to do
With what's in the thong
Ya heard?, uh, yo, check it out

This might sound so scandalous
But it's the truth that men can't handle it
Ya see most of the time a nigga think that big ass shit
Ya need to go a step further and lick the clit, uh
Keep lickin' till ya hit my spot
Nigga, fuck all the jewels in the boos ya pop
It's no scam, just come in with cock
And put your face all in my cho-cha

Cause I'm gonna get a nut, nut, nut
Head like what, what, what
Hands up in my butt, butt, butt
You need to lick it again
Cause I'm gonna get a nut, nut, nut
Head like what, what, what
All night long
Work the tongue, work the tongue, come on

(Chorus x2)
I like it when you niggaz go (duh nuh, duh nuh)
Baby make my pussy go (duh nuh, duh nuh)
I know ya wanna hit it so (duh nuh, duh nuh)
Gimme that tongue, tongue, tongue, tongue, tongue

This might sound so scandalous
But it's the truth that men can't handle it
Ya see most of the time a nigga think that big ass shit
Ya need to go a step further and lick the clit, uh
Keep lickin' till ya hit my spot
Nigga, fuck all the jewels in the boos ya pop
It's no scam, just come in with cock
And put your face all in my cho-cha

Cause I'm gonna get a nut, nut, nut
Head like what, what, what
Hands up in my butt, butt, butt

You need to lick it again
Cause I'm gonna get a nut, nut, nut
Head like what, what, what
All night long
Work the tongue, work the tongue, come on

(Chorus x4)

My niggaz keep talkin' 'bout thongs and shit
I wanna see ya face in between my hips
If you see a black girl, you could bring the bitch
You ain't scandalous, you can't handle this
I like to dance in my six inch pumps
But this feelin' in my pussy, watcha smoke a blunt
Straight put you in a trance
Yo, I ain't no funk
I have you dreamin' about my cho-cha

All a nigga wanna do is fuck, fuck, fuck
Head like what, what, what
Cover you a nut, nut, nut
Uh, you need to sing it again
Cause all they wanna do is fuck, fuck, fuck
Head like what, what, what
Cover you a nut, nut, nut
I think I'll sing it again, come on

Come on what? Uh, come on what? Uh, come on what?

(Chorus until end)
