I know you might come out right now  
You might even bring me support  
On my doorstep in the storm  
A miracle, miracle

Might approach in a heavy coat(?)  
The sound of better things  
I let my guard down just this once,  
So be good to me, good to me

Ooooooh  
Then you'll ask for more  
Then you'll ask for more

One wish granted and others dodged  
Lots of anger inside the house  
Lonely hands beg to fight  
But no one dies, no one cries  
Except for you, you aching soul  
I know you must have a heart of gold  
So come on in, come inside  
And make things right, make things right  
Ooooooh  
Then you'll ask for more  
Then you'll ask for more

I will keep your hat & keys  
Until our love runs out  
But when it does, I've just the thing  
We'll lose the rings, lose the rings

I know you might come out right now  
You might even bring me support  
On my doorstep in the storm  
A miracle, miracle

Ooooooh  
Then you'll ask for more  
You'll come around again  
Always comes around
