"One Million Light Years From Her"

Visit "[One Million Light Years From Her](#)" on MotoLyrics.com

Begin the sucking son wakes me up at night
The ghost of innocence turns off the light and i can't
Breath!
I'm chocking on my lungs
And i can't stay in your spaceship
No more!
They know my name
They know my age
I heard them laughing when the leader said my name
My name
"now i begin to sense a sort of atmosphere stemming
from delusions
Leading to unusual visionary conciousness the shaman
rest my sould"
Now i can't
Breath!
I'm chocking on my lungs
And i can't stay in your spaceship
No more!
Whoa: oh-oh please come in mission control!
Woaa: oh-oh one million light years from her!
