Look at the moon
Count all the stars
Baby your head
Here in my arms
Leaving ain't easy
It tears me apart

Voice in my ear
Keys in the car
There's tears in your eyes
And it's breaking my heart
There's miles between us
It isn't too far

(Chorus)
'Cause if it takes a little bit longer
Don't you lose faith
I'll make you stronger
I won't run away
I won't run away
(End)

Gravity's strong
It pulled us together
I'm down on my knees
Prayin' things will get better
I'll do next to anything
Just to get where you are

The world still turns
It won't bring you closer
I'm fallin' fast
Livin' life's roller coaster
When you get where you're going
Don't forget who you are

(Chorus)
And if it takes a little bit longer
Don't you lose faith
I'll make you stronger
I won't run away

I won't run away
(End)

And every day
It feels like you're farther
I'm right on the way
And it's getting harder
I won't run away
I won't run away

Every turn in time
Every hill you climb
I know you'll wait for me
Every lonely night
I look into your eyes
I know we're meant to be
Meant to be

(Chorus)
'Cause if it takes
A little bit longer
Don't you lose faith
I'll make you stronger
I won't run away
I won't run away
(End)

(Chorus)
'Cause if it takes
A little bit longer
DON't you lose faith
I'll make you stronger
I won't run away
I won't run away
(End)

Oh, oh
A little bit longer
Just a little bit longer
I won't run away

(Chorus)
And if it takes
A little bit longer
Don't you lose faith
I'll make you stronger
I won't run away
I won't run away.
(End)
