im not crazy
but im crazy for you
find out who you thought i was
then maybe i mean something more to you

and as we lay there in the dark
the clouds covered up the stars
but i was looking for them in your eyes
your eyes

please take your time
need to be sure
this feels right
that i wont lose you come tomorrow

im not worthy
i wish that were true
i spent sleepless nights
dreaming that youre feeling
what im feeling for you
she looks away
but i can still see her eyes
girl id be lying if i told you
that i'd be a better person
without you
by my side

please take your time
need to be sure
this feels right
that i wont lose you come tomorrow

i need you now
all my todays and not tomorrows
ill listen to the words i wish you said
im leaving until then

you gotta hold me down
feet to the fire
i will turn around and walk away
i will wait for you forever
just to hear you say
