she figured out
to read between the lines
of what i said and why
and did i really mean it
well i meant every word i said
she called to question
she didnt believe it
take it or leave it
thats how it was

im fallin in love
and i cannot convince her
shes breakin away
and my hearts breakin with her
i needed to remeber
what we said this last september
i meant it
without you
i break in two

its coming down
and falling quickly
the ground is where she left me
cause she was the only one
who could lift me
oh but she could knock me down

im fallin in love
and i cannot convince her
shes breakin away
and my hearts breakin with her
i needed to remeber
what we said this last september
i meant it
without you
i break in two

shes slippin away
i see that side of the window
wishing i could see though
oh the dark
shes slippin away

i sit outside her window
listen to the wind blow
shes slippin away

im fallin in love
and i cannot convince her
shes breakin away
and my hearts breakin with her
i needed to remeber
what we said this last september
i meant it
without you
i break in two

im fallin in love
and i cannot convince her
shes breakin away
and my hearts breakin with her
i needed to remeber
what we said this last september
i meant it
i meant it
without you
i break in two
