I enter the room and nervously smile  
we haven't had time by ourselves in a while  
I feel powerful here in your timid embrace  
how familiar the fear on that delicate face

Your clutching your dress  
You stare at your feet  
but I just want you more  
when you try to retreat

Chorus:  
Ani, it's only flesh  
It isn't such a cruel request  
because love is  
the special things we give  
and when you cry and shake  
you know that only makes it  
worse for you  
so just close your eyes until I'm through  
and make me happier than ever before  
now that's the Ani I adore

When I study your body it makes me aware  
of my fortunate place in our dissimilar pair  
like the strength of my hands exploring your skin  
and the porcelain frailty of your quivering chin

You're serving them both  
though the difference is wide  
the man and the demon  
never divide

Chorus
