This goodness in my heart  
this evil in my head  
Do not exist in equal parts  
for only one is fed  
A growing dark veneer  
A conscience in repose  
tonight as I was sleeping here  
both of them arose

Chorus:

I saw a demon stare into my face  
and an angel touch my breast  
Each one softly calls my name  
and the demon scares me less  
the demon scares me less

Something gentle tries to guide  
and occupies my soul  
but I never let it override  
the mind that I control  
If I turn toward the light  
its beauty cannot last  
for I think that it must be destroyed  
when I see how we contrast  
This wickedness in my reflection  
is familiar to my eyes  
it's the image of this love before me  
that I do not recognize  
Two opposing forces  
are measuring in me  
the distance of my spirit to  
the disciple I will be

Chorus
