I'd like to find the fucker who left us afloat  
Who pushed us over and took in the boat?  
Soup of humans, we're all eating waves  
everyone struggles and no one is saved

It makes me thirsty, this salt I'm drinking  
my head is bursting but I won't stop thinking  
All I've got is what I know  
I will not be food for the beast below

Gravity  
Love is under me  
Endless water, endless water  
Gravity  
Love is under me  
Endless water, endless water

This body won't drop  
love is a plank I won't walk off  
Look below, where is the joy?  
If you go too deep, it's an endless void

But my weight is too much to hold  
my arms are ready to fold  
Just beneath me, stillness is there  
as I thrash the water and gasp for air

Gravity  
Love is under me  
Endless water, endless water  
Gravity  
Love is under me  
Endless water, endless water  
Gravity  
Love is under me

So why am I thrashing around?  
There's nothing to fear, I'm ready to drown

Nothing's gonna change  
I've always been water

Nothing's gonna change  
I've always been water  
Nothing's gonna change  
I've always been  
Drowning  
Love is under me  
Drowning  
Love is over me  
Drowning  
Love is under me  
Drowning  
Love is over me  
Nothing's gonna change  
I've always been water  
Everything is water
