There is geography inside you, the mystic ocean is  
pristine  
It is the spirit realm, and you are at the helm  
where all the hungry souls convene  
Your instruments are gauged for motion  
don't tie the craft to keep it still  
For if the captain's idle, then the ship is bridled  
And you have a voyage to fulfill

This vessel harbors no one meek, the timid never seek  
But you watch the water rise, and you have anxious  
eyes

Chorus:

There is a compass in your chest - pressing toward the  
house of light  
There is a purpose you possess - pressing toward the  
house of light  
With every drop and every crest, I see your sails are  
full and tight  
Pressing toward the house of light

Some may embrace their hesitation  
with the passive anchors that they lay  
But retrospect will prove that those who never move  
become a pirate's easy prey  
This boat is the sum of all your actions  
it's body is a product of your deeds  
Crossing water fast, ambition is the mast  
And you were christened with Godspeed  
The frightened ones who wouldn't board envy you from  
shore  
For you're in the rising tide and you are eager eyed

Chorus

You are immersed in affirmation  
Bathed in the source of your creation  
Some are tempted by a dimmer glow  
and drown in the undertow  
But you are centered in a higher conscious wind

You see the beacon clear and bright

Chorus
