It was a costume party where we first met  
and you were some kinda mermaid fish  
"What a set of gills," I said, "Man, what a seafood  
dish,"

I dropped my line, i cast my hook, with a "What say  
later on  
we run upstream, baby, mingle fins or just dig right in  
and spawn,"  
the mermaid suits giving me the urge to blow this joint  
and get submerged with you

Come on baby now nature knows it's a blue lagoon and  
we don't need clothes  
'cause I'm feelin a lot like Jacques Cousteau  
and you look to me just like Aquaman's daughter,  
let's take off our clothes, baby, jump in the water  
Let's immerse ourselves in H-2-O, but baby let's do it al  
fresco  
that means naked

So piece by piece and thread by thread we get to  
birthday suits at last  
The only thing brighter than the moon tonight is my  
skinny little ass  
When two nude bodies take the plunge in one mood  
inducing dive,  
it's a fat aphrodisiac when those endorphins come  
alive  
So let's use these naked dorsal fins to commence  
some aqua sin tonight, yeah

Deep six your inhibitions, baby, set sail for some sexual  
fission  
And now your pardon I must beg, but that's not my  
snorkel rubbing against your leg  
Come on under cause I know you wanna, it's a feeding  
frenzy and we're love piranhas

We're like two big horny wet crustaceans trying to get a  
liquid copulation

that means the f-word

It was a tidal wave of craving, a hurricane with a sweet  
refrain  
Quakes and thunder three feet under, a white monsoon  
beneath the libido moon  
I know I've never seen a wake that large, it could've  
swamped a river barge

It's three years later and I'm a seaweed head,  
well I can't make love unless I'm in a waterbed  
I mope around in my scuba suit by the stream  
I just suck the air tanks and daydream  
'Cause every time I'm at that riverbed there's a part of  
me that just stands on end

'Cause you ain't never been laid unless you had a romp  
with a mermaid...  
...or a walleye or a brown trout or a dolphin...
