It's a little spooky if I think of it at all  
whenever I come in here words start bouncing off the  
walls  
some hocus pocus in these crosses that I hang  
turns a prayer into a boomerang

I say, "When will the chosen act?"  
and the words come falling back  
"How long will you stand by?"  
There is no reply, only echoes

Start a bush on fire if it means a little proof  
but don't let these phrases just float up and hit the roof  
this room where I think answering belongs  
always shifts and sounds a question twice as strong

I say, "When will the chosen act?"  
and the words keep turning back  
"How long will you stand by?"  
There is no reply, only echoes

Maybe the Universe is clogging up Your ears  
in Your old age You're just repeating what You hear
