Doped up in the goddamn drama
groping for the Golden Dharma
Birth and death both rubber band
back to the Bardo, cue the laugh track
Into the lie of time
Into the veil of space
Into the lie of time
Into the veil of space

I keep filling up my lungs
with a love for every one
including you
You open up your chest
inhale the dispossessed
including me
including me

Is
it is all suddenly
so in us lifted love
reflected
love lifted us in so
suddenly all is perfected
Even the lie of time
Even the veil of space
Even the lie of time
Even the veil of space

(Chorus)

As we were
before we were
Is
as we are
after we are
Is
We are
Is
We are
Is
