I'm gonna burn down this hotel
I'm gonna fill the pool with drugs
I'm gonna punch a camera man
I'm gonna bring a gun through customs

I will, I will heroin OD

Chorus:

Rock stars need models
like babies need bottles
Models need rock stars
like cave men need strip bars
and sports cars to throttle
Model, rock star
Rock star, model

You put snowballs up your nose
and fingers down your throat
That's why your skin glows
and you weigh less than your coat

You're much more than a beautiful waitress

Chorus

Yeah, I'm the mirror on your wall
You're my blow-up doll
K-K-K-Kiss me!

Chorus
