And how can I mind
The way you go
It's up to you
By the way
I'll say I think it's time

And time spent with you
The things we see
In the big wide day
Do we here her now
Feel now miles away
Now

Where are all the people?
Mm Did
Tell me what I came here for
But if you really mean it

I just wished you'd Say It
Say It's over
I wish you'd Say It
Say It
Say, hey, hey I

Where are all the people?
Mm Did
Tell me what I came here for
But if you really mean it

I just wished you'd Say It
Say It's over
I wish you'd Say It
Say It
Say It, Say It
Oh

I don't mind
Which way you go
It's up to you
By the way
I'll say I think it's time

Time

I wander through my mind
Turn at the places I still find
With molly carbaleel
With me
We can leave it far behind

I wander through my mind
Turn at the places I still find
With molly carbaleel
With me
We can leave it far behind

I wander through my mind
Turn at the places I still find
With molly carbaleel
With me
We can leave it far behind
