Look around but don't look down
Everything is unfamiliar waiting to be found
Look ahead but don't look back
Anything's a possibility and you can count on that

Hold on tight and don't let go
It's another small adventure, where it is no one knows
Close your eyes and enjoy the ride
There's so many big surprises out there for us to find

Waking up the sun
Waking up the sky
Waking up the great big universe
Another small adventure

Look at me, I'm strong and free
Everything's a possibility
As long as you're with me
As long as you're with me

Waking up the sun
Waking up the sky
Waking up the great big universe
Another small adventure

Don't ever cry, I feel the sunrise
I'm coming to save the day
I'm going to fly, I'm high in the sky
I'm coming to take you away

Waking up the sun
(Waking up)
Waking up the sky
(Waking up)
Waking up the great big universe
Another small adventure

Waking up the sun
(Waking up)
Waking up the sky
(Waking up)

Waking up the great big universe
Another small adventure

Another small adventure
Another small adventure
Another small adventure
