welcome to my never, never, never world
come with me
i'll bring you peaceful sleep
retarded memories my
heroin hold it in
if smoke gets un your eyes, i apologize
welcome to my hello, hello, hello world
going down a one way street
footsteps in the gallery
sleep!
retarded memories my
heroin hold it in
if smoke gets in your eyes, i apologize
i am all you'll ever need
i am the child messiah
jesus christ is dead
the butterflies are lost inside
