hell in a bookbag
i hope i don't look bad
everything's squared away
how far did you go?
what was the story? everyone feels the same way!
order up is here
so glad you're leaving
you sped here and you'll
speed away!
woke in the morning
and i told her i loved her
hell blackbird
goodbye
goodye, bye-bye
class is in recess
i wonder what she says
i'll sneak away when she looks away
how far will i go?
and what was the story?
everyone saus the same thing!
goodbye
