Return to earth

These cigarettes are killing me  
Force away the bars  
Empty paper carton snort the protein  
And the drugs  
50 mile contact and the day

The day  
The starts don't seem so far away  
Monster movie play  
Our hero stumbles  
Psycho rumbles  
50 mile contact and the day

The day  
Return to earth  
Return to all thats normal  
Return to earth  
They are calling  
They are calling

Return to earth!  
Return to all thats normal!  
Return to eath!  
They are calling!  
They need someone to save  
Hey!  
Return to earth
