Teenage monster
Kill my father
Something the sky tonight

Teenage monster
Soul survivor
Something stirs inside tonight

I am growing up
Ugly and stupid
What has happened to me

I'm so different
I can't stand it
Teenage monster
That's me
Teenage monster
Killed my childhood
Something's happening to me

Blackmail, hiding
Youth is slowly dying
Suddenly I feel relief

It takes a hold of me
Something takes a hold of me
