It's War!

If God exists and he watches over us  
He'd be horrified and surely turn his head in disgust  
Because we evolved into primitives to recreate the  
earth  
And she'd the blood of the masses to witness the re-  
birth  
Of a new breed of man, They say that God Is Dead  
Now it's kill or be killed and God Is Man

Through their eyes, God Is Man  
And through my eyes, Fucked Is Man

'cause' I want to know if he can deal with what I can't  
And travel down our broken path to see the evolution of  
man  
To fight tooth and nail against our freedom at risk  
To stop a generation where our minds are fixed  
I say burn it all down, burn it all down  
And see if they still say that God Is Man

Come on, Flood the earth  
Bring it fucking on  
Because we kill our children  
It's what we deserve  
Bring the holocaust  
'cause' we're living in sin  
Now take us all  
And bring the fucking End!

He took me to the front line, there waged a war against  
all men,  
He held me up as a slave condemning me to join their  
Trend  
He said look here son there's a choice to be made  
Either you take our mark or I'll put you in your grave  
His countdown begins with his gun pointed at me  
The dying words of this mad man were 1,2,3

It's the apocalypse, what

The end of time  
Your Stuck In Kaos  
This shit'll make you lose your mind  
It's the apocalypse  
It's S.I.K, S.I.K, S.I.Ks  
So fuck the bullshit  
And get S.I.K with this  
X2
