How could you take this from me?  
How could you?  
You're a dead man  
You hit it once again; your silence has just killed  
How can you repay?  
How can you give back this life that you have taken?

Your not a man, your just a wanna be pimp, Your a  
fukin pedophile  
Your not my friend, Cause friends like you should be  
shot before they fukin breed

Yet all the time you take what's mine your a killer of life  
You bring death to those who gave a shit about your  
ass  
I won't let this pass, I won't let this slide

The day your life slipped away from your hands  
It was the day they found her in the corner, She was  
bloody, cursing, sweating  
She found a cure for cancer with her daddy's smokin  
gun in her hands

Breath, I can't breathe  
I won't breathe until your life is taken  
Lies, no more lies  
I won't lie around while the truth you're forsaking

And I see the time in your life  
And it's ticking away  
And I see no guilt in your eyes  
Your blood will cleanse them  
And I see the truth when you lie  
You're so transparent  
And I see the end of your life  
And it ends at my forty-five .....I hope you die

I am still alive...I am still alive....  
I kept laughing

The day your life slipped away from your hands

It was the day they found her in the corner, She was  
bloody, cursing, sweating  
She found a cure for cancer with her daddy's smokin  
gun in her hands  
She was screaming I am still alive.....I am still alive  
you motherfucker.  
I am still alive!
