Check, check, check, shake !
Do you want me now ?
Stripped to the waist
My body ! Right ?
Erotic touch
You blame me for the day
When you and my
Hands were tied

Boy, she's above love, open your eyes
Well I found out
She's above love
And glad to be blind
When love shines

I know that you don't want me ! Right ?

Choked on a bone !
Some chinese food !
My body hurts...
You don't care ! Right ?
Ironic touch
You blame me for the day
When you and my
Hands were tied

Boy, she's above love, open your eyes
Well I found out
She's above love
And glad to be blind
When love shines

I know that you don't want me ! Right ?
I know that you don't want a Toy Boy
I know that you tried
I know that you tried
I know that you don't want me now !

Do you want a break ?
Please baby talk !
I will be nice and tender

Too late she's gone away
Ironic touch
You blame me for the day
When you and my
Hands were tied

Boy, she's above love, open your eyes
Well I found out
She's above love
And glad to be blind
When love shines

I know that you don't want me ! Right ?
I know that you don't want a Toy Boy
I know that you tried
I know that you tried
I know that you don't want me now !

Toy ! Toy ! Toy ! Boy !
I know that you don't want me ! Toy Boy !
I know that you tried
I know that you tried
I know that you don't want me ! Toy Boy !
Toy Boy !
