She's alive,
He's a tough guy
When we stump along
Angel
And she's watching dancing clouds
Worries when
When we burn
When we're chilled
When we're shipwrecked on a dream!

Someone please take me home
If we weather out the storm
This love's wrong

You ain't for me
Girl you ain't for me
I...I'm a ghost for you!
You ain't for me
No you ain't for me
I...

Now there is a story, the story is about
You and me
And two cars that crash head on ! (head on)
Sleep with the girl, sleep with a ghost
Angels
And she's watching dancing clouds
Worries when
When we burn
When we're chilled
When we're shipwrecked on a dream!

See you later, motherfucker
See you later
Angel
Motherfucker
Worries... yeah !

Someone please take me home
If we weather out the storm
This love's wrong
