There was something in the air that night that made me
wanna die

Something in the way you move that makes me wanna
cry

Show me something girl that I think I really need

Give me something girl that makes me wanna bleed

Well I had you in my sight

Down the line of desire

Is this what you had in mind

When you doubted my fire

Do your days melt away

When you're standing there without me

Wipe away, change your mind

What you wanted us to be

Adore, admit, admire

Adore, admit, admire

Damage of a dawn to a nocturnal fight

See I'm slippin' for a reason and a motion in the night

See I'm wishing for the face with a push and a shove

See I'm sending up a prayer see I'm wishing for some
love

Well I had you in my sight

Down the line of desire

Is this what you had in mind

When you doubted my fire

Do your days melt away

When you're standing there without me

Wipe away, change your mind

What you wanted us to be

Adore, admit, admire

Adore, admit, admire

I adore the way girl that you seemed to look through
me

And I'll admire that I'm addicted to the thought of you
and me

I love to see you smile with the stars in your eyes

I'll admire the way you move when you're stuck
between the sighs

Well I had you in my sight

Down the line of desire

Is this what you had in mind

When you doubted my fire

Do your days melt away

When you're standing there without me

Wipe away, change your mind

What you wanted us to be

Adore
