when you walk out  
to the water  
and you find that no one's there  
grab some driftwood  
drift away  
as far as you can dream  
there's a lighthouse  
in the distance  
somebody calls your name  
lay your head down  
dream away

and somebody calls your name  
(somebody calls your name)  
and you need a place to hideaway  
somewhere so unknown  
and you make for your escape  
(you make for your escape)  
as you drift and dream away...

now you've been here once before  
some things will never change  
it's a secret  
don't tell anyone  
no one will call your name  
the sunlight starts to fall  
into the western sky  
lay your head down  
dream away

and somebody calls your name  
(somebody calls your name)  
and you need a place to hideaway  
somewhere so unknown  
and you make for you escape  
(you make for your escape)  
as you drift and dream away

you drift and dream a...  
you drift and dream away

and somebody calls your name

(somebody calls your name)  
and you need a place to hideaway  
somewhere so unknown  
and you make for your escape  
(you make for your escape)  
as you drift and dream away
