Oh my sweet give me one last chance  
to show my love for you  
just one last time  
To fall asleep in your arms  
we had come so far together  
now we don't even speak to each other

my words aren't strong enough  
to express my heart so I'm only left with  
memories in my mind

these days seem so long without you  
now the sun doesn't shine as bright  
as it did when we were alone together

Do you remember the nights we spent together  
just staring into the starry night  
the pain hurts me like an open wound  
please just tell me that you still love me

I know I made mistakes  
and I am truly sorry  
but I never thought  
that you'd say good-bye  
I want to tell you

these days seem so long without you  
now the sun doesn't shine as bright  
as it did when we were alone together

and I'll move on  
my heart's broken  
for my first love

I know deep inside my heart  
there are words and those words are yours  
I know deep inside my heart  
there are words and those words are yours
