Iâ€™ve been crying  
all night alone  
wishing you were here with me

itâ€™s not the same without you  
I try move on around you  
itâ€™s still not quite the same  
why did you have to change

my lifeâ€™s an endless nightmare  
running hopeless nowhere  
youâ€™ve cut an open wound  
why did we end so soon

left out in the cold  
I no longer  
see the way you do  
why did we end so soon  
stories left untold  
I cannot change  
to be the way you are

[x2]

Iâ€™ve been crying  
all night alone  
wishing you were here with me  
dying cause youâ€™re not here

left out in the cold  
stories left untold

The nightâ€™s so dark without you  
I lie awake and dream about you  
but still youâ€™re never there  
did you ever care

I often think about you  
where will life go without you  
down this lonely road  
Iâ€™ll cross it on my own

left out in the cold

I no longer  
see the way you do  
why did we end so soon  
stories left untold  
I cannot change  
to be the way you are  
and live my life in pain

[x2]  
Iâ€™ve been crying  
all night alone  
wishing you were here with me  
dying cause youâ€™re not here

left out in the cold
