slowly now
start from the heart
how can this be?
the way it ends...
I never thought
that we'd be just friends

and as I sit
and ask God why?
why did things end?
makes me wanna cry...

remembering
the times that we shared
did you even care
for me at all
exactly as I do?
I'm the one that fell...

and as I wait
for you today...
well, don't worry now
it'll be okay...

and as I sit
and ask God why?
why did things end?
makes me wanna cry...
yeah
yeah...
whooooaaaaa
yeah...
