Turn it inside out so I can see,
The part of you that's drifting over me.
when I wake you're, your never there
when i sleep you're, your everywhere
you're everywhere

just tell me how I got this far
just tell me why you're here and who you are
cause everytime i look you're never there
and everytime i sleep you're always there

Chorus:
cause your
everywhere to me
and when I close my eyes its you i see
you're everything i know that makes me
believe, im not alone
im not alone

i recognize the way you make me feel
but i think that you might not be real
and sense now the waters getting deep
i try to wash the pain away from me
away from me

Chorus

i am not alone
aaaahhooooahhh

when i touch your hand
its then i understand
the beauty thats within
its now that we begin
you always light my way
there never comes a dayayay
no matter where i go
i always feel you so

You're everywhere to me
when i close my eyes its you i see
Your everything i know that makes me believe

im not alone
cause you're everywhere to me
and when i catch my breath
its you i believe
you're everthing i know that makes me believe
im not alone

you're everyone i see
so tell me do you see meeee
