"I Love You"

You say you love me
i say it back
i love you for you and
that is that

you can't
win me over
all those guys have no chance
you don't have to worry
because you are the best
i love you for you and not
for other things just for your
personality and not what your
money brings

we've been thru so much trouble
even tho this just started
but it just seems to have us grow
stronger and closer to each other

you can't
win me over
all those guys have no chance
you don't have to worry
because you are the best
i love you for you and not
for other things just for your
personality and not what your
money brings

i still have questions
that i must ask
but i don't know if
they would be weird to say

you can't
win me over
all those guys have no chance
you don't have to worry
because you are the best
i love you for you and not
for other things just for your

personality and not what your
money brings

i love you baby
and i hope i love me too
i can't live without you
you'll be in my life thru and thru

you can't
win me over
all those guys have no chance
you don't have to worry
because you are the best
i love you for you and not
for other things just for your
personality and not what your
money brings

you can't
win me over
all those guys have no chance
you don't have to worry
because you are the best
i love you for you and not
for other things just for your
personality and not what your
money brings

i love you
