[Michelle]

Mr. Officer, Mr. Officer

Why do you wanna see me in a coffin, sir?

Mr. Officer, Mr. Officer

I don't wanna be layin a coffin, sir

Mr. Officer, Mr. Officer

Why do you wanna see me in a coffin, sir?

Mr. Officer, Mr. Officer

I don't wanna be layin a coffin, sir

No, no, no

[El Dorado]

It's the police, comin straight from the underground

A young brotha got it bad cuz I'm brown

You wonder why I can't get no peace, asleep

I'm makin more than the chief of police

I creep, on the plan, 20 inch rims

You gon' always have haters when you're havin
divadins

Here come the po-po, still roll slow mo'

About to blow some hydro inside a optimo

The president choke and smoke on the sticky

I told this fool I'm rappin, why he pattin on my Dickies?

Next'll be me, cuz I'm a teenager

With a little bit of platinum and a pager

Tappin my phone, lookin for the product

Thinkin every balla is servin narcotics

You rather G, me in a ?

Than me rollin in a 300 and 300 Benz

She never knew what hit her

Beans pulled the trigger

I lost another nigga

Pour out a little liquor

[Michelle]

Mr. Officer, Mr. Officer

I don't wanna be layin a coffin, sir

Mr. Officer, Mr. Officer

I don't wanna be layin a coffin, sir

Mr. Officer, Mr. Officer
Why did you wanna see me in a coffin, sir?
Mr. Officer, Mr. Officer
I don't wanna be layin a coffin, sir
No, no oh

[Captain Save M']

You know I heard some disturbing news, a situation
Heard about them panelopie po-po's actin bad across
the nation
There's a particular situation that got me feelin sad
It had the whole family askin God, why did it happen?
Young and innocent, it gets so tense, is what I mention
Never had the chance to live out a lifelong dream
before it ended
They say we shouldn't fade a white man's laws, at all
times
Whatever dude, the po-po's always have somethin else
in mind
I was ridin in a Caddy 500, bumpin Will Smith, gettin
jiggy
When I looked up in the rearview and spotted - Damn,
it's a piggy
License suspended, warrant checks, verbal altercation
Officer Dolittle, ??????????
Juju's and Wam-Wam's is all we had to work with,
chancin & hollerin
Wish I had the chance to screw the marbles and hire
Johnny Cochran
I'm just a black man in this white man's world, like 'Pac
say
Wassup y'all, shouldn't play, cuz we can't save 'em
from the yay

[Michel'le]

Mr. Officer, Mr. Officer
Why do you wanna see me in a coffin, sir?
Mr. Officer, Mr. Officer
I don't wanna be layin a coffin, sir (save me)

Mr. Officer, Mr. Officer
Why do you wanna see me in a coffin, sir?
Mr. Officer, Mr. Officer
I don't wanna be layin a coffin, sir (why do you wanna
see me)
Oh no, no

We ain't sayin that all cops are bad
I think the good cops hate the bad cops sometimes
But you know this has to stop
You feel me?

[El Dorado]

Ebony, heavenly, sent from up above
Blessed me with my flesh, that's respect with love
Hey ballas, this brotha spiked the set-backs
They only around to get you down, so don't sweat that
Let that, a change gon' come
Reminisce the days of old when all the negros sunk
It don't matter where you're from
They still do what's bad
Walkin with a stack, got 'em lookin for my rag
I dash from the police, arrest resisted
Apprehend my shin, to the pen is the mission
You wonder why I'm trippin (don't trip, stay cool)
They made me wanna act a fool, they way they shot up
Boo
When too young, reduce a life to a gun
A flat tire cost you when you're livin in the slum
Make me wanna holla, the way they do my life
And it really ain't right

[Michelle]

Mr. Officer, Mr. Officer
I didn't wanna be layin a coffin, sir
Mr. Officer, Mr. Officer
I don't wanna be layin a coffin, sir

Mr. Officer, Mr. Officer
Why did you wanna see me in a coffin, sir?
Mr. Officer, Mr. Officer
I don't wanna be layin a coffin, sir

So why do you do what you do? (why)
As we make the world go 'round (we make the world go
'round)
So why do you do what you do?
Because you know...
We make the world go 'round

So Mr. Officer (Mr. Officer)
Please Mr. Officer (oh please Mr. Officer)
Mr. Officer (please Mr. Officer)
Don't take my life, no no
