on a starry night you've got to believe in yourself to see
it across the sky

a shooting star a shooting star got to believe in your
heart to see it

see it twinkling across the sky what a beautiful sight
don't want the feeling to go away

a shooting star a shooting star you've got to believe in
your heart give me your hand so i can help you reach
across this land

make a wish make a wish dream about it day and night
just make a wish make a wish
a shooting star a shooting star you've got to believe in
yourself to see it across the sky

give me your hand give me your hand so i can i can
help you reach this land

a shooting star a shooting star twinkling across the sky

so make a wish
