Seven years ago, but it's yesterday
I'm watching the sky but it's all grey
Now I'm all alone I can feel the pain
You're still in my mind and you're still in my brain

Seven years ago, but it's yesterday
I'm watching the sky but it's all grey
Now I'm all alone I can feel the pain
You're still in my mind and you're still in my brain

Seven years ago, but it's yesterday
