"Forever"

Like a child
With no troubles in mind
Young and wild
Not a thing that I feared
Now winter's here,
In this darkness I look up and long for my freedom

Out of the ashes I'm rising anew
Drowning my sorrow and pain
Just like the wind and the stars will never die
Forever I'll stay here this way

We were one
The shadow, my fear and me
I was done
Without a reason to be
But I broke free from the chains of the past
Now I leave all the sadness

Out of the ashes I'm rising anew
Drowning my sorrow and pain
Just like the wind and the stars will never die
Forever I'll stay here this way

Out of the ashes I'm rising anew
Drowning my sorrow and pain
Just like the wind and the stars will never die
Forever I'll stay here this way
